Ray,

Attached please find the revised fact sheet for the subject site. The proposed plan is not final yet and therefore it does not show up on the link. The site attorney is out all this week and will be back in the office next Monday. The proposed plan will be finalized by COB next Tuesday and then it can be posted to the link.

Janetta:

Attached is a revised fact sheet for French, Ltd., in Word and pdf versions, for your review and approval. There are margin comments in the Word version that need EPA's input, concerning a link to the proposed plan. The link is for the correct website, but the proposed plan for this site is not listed.

The pdf version shows the final layout of the fact sheet, if it goes to print as it is currently.

I added the public comment period dates of July 17-August 15, 2014, and the meeting date and time of August 4, 2014, from 6:30 to 8:00 pm; which is the information from the newspaper notice. Please notify us if these dates and times have changed.

Please advise on the Word version margin comments concerning the link to the proposed plan, and let us know when you have approved the fact sheet.

Thank you.
